

Canvas Shade

Capabilities & Services — Trade & Professional

Canvas Shade is a full-service custom canvas fabricator based in Grand Junction, Colorado. We design, fabricate, sew, and install awnings, shade structures, patio enclosures, and signage — all in-house, all by hand. Custom craft since 1949.

We produce for hospitality groups, household management firms, architects, designers, and out-of-region production partners. This document summarizes our capabilities, service area, and how to work with us.

Capabilities

What We Make

- Patio enclosures — retractable, roll-down, and fixed systems
- Restaurant and hospitality enclosures for integrated heat and weather protection
- Commercial awnings with signage, backlighting, and branding
- Shade sails and tensioned fabric structures, with the option to design to site
- Solar screens for windows and outdoor rooms
- Privacy enclosures and wind barriers
- Custom shade structures for specific spaces and uses

In-House Services

- Design and fabrication
- Pattern-making and custom sewing
- Steel and aluminum metalwork and welding
- On-site measurement and installation
- Multi-location rollouts and project coordination
- Fabric selection consultation (Sunbrella and other premium lines)

Typical Projects

- Restaurant patio enclosures and multi-location rollouts
- Hotel and resort shade systems
- Storefront awnings and branded entry canopies
- Rooftop and terrace shade structures
- Design-built work from architectural drawings
- Residential shade sails, patio covers, and solar screens
- Replacement and re-covering of existing structures

Service Area

Our workshop is headquartered in Grand Junction, Colorado. We perform regular installation work across the Western Slope, the Roaring Fork Valley, and the resort towns of the mountain and desert West — including Aspen, Vail, Moab, and the surrounding region.

Materials

We work with Sunbrella and other industry-leading fabrics chosen for fade resistance, colorfastness, and long working life. Our materials are selected to withstand Colorado sun, alpine wind, and decades of commercial use. Full fabric library available for specification — hundreds of colors, patterns, and weaves.

Lead Times & Logistics

Standard lead time	4–10 weeks from approved proposal, depending on scope and season
Rush capacity	Available — ask
Proposals	Provided after site visit or review of plans and specifications
Payment	50% deposit, 50% due on installation. Larger projects often include progressive payment

Documentation

- Certificate of Insurance (COI) available on request
- W-9 on file (Canvas Products, Inc.)
- Vendor onboarding paperwork accommodated
